* Empty weight—actual weight determined by configuration of system

Device Storage Dimensions

Width: 2.86 cm / 1.125"
Depth: 38 cm / 15"
Height: 25.4 cm / 10"

CONFIGURATION OPTIONS

Charging System Options

Standard AC Charging System

For budget-minded consumers, EarthWalk carts can be configured with AC power outlets in each storage compartment for use with each device's AC adapter.

Digital AC-SMART Switching System

EarthWalk's Digital AC-SMART Switching system can autosense the amount of electrical draw required by each device's AC adapter and safely switch between groups of devices to prevent overloading the electrical circuit. The digital smart switching system will monitor and continue increasing the number of devices that are being simultaneously charged to help shorten the total cart charging cycle.

Pre-Wired Solutions for USB Type-C

USB-C is the latest standard in charging portable devices. We can pre-wire your carts and stations with our premium 45-watt USB-C PD adapters or you can supply us with your existing AC adapters. Literally plug-n-play as soon as your order is delivered. Combine USB-C with our AC-SMART system, and we can provide managed charging power for all of your devices from a single power cord, charging all your devices as quickly as possible and eliminating the worry of overloading your electrical circuits.

iCharge—Adapter-Free, USB Charging System

Select EarthWalk's iCharge system to provide an integrated USB charging system for your USB charged iPad, Tablets, or USB-C style devices. iCharge delivers a Full 2.4A per port to simultaneously charge all of your USB devices as quickly as possible.

Device Decontamination Option

CleanZone Sanitation

EarthWalk utilizes ozone technology to safely and efficiently kill germs, viruses and bacteria on all devices inside the cart. Decontamination is a quick cycle and there is no chemical residue: Ozone dissipates back to oxygen. Can fully sterilize up to 30 devices more efficiently than UV or chlorine/chemicals.

Customized Graphic Options

Door Graphics
