

EarthWalk USBC eCharger System

Get portable USBC-PD power wherever it's needed!

EarthWalk's USBC eCharger System will securely store and charge up to six USBC-PD Powerpacks at one time.

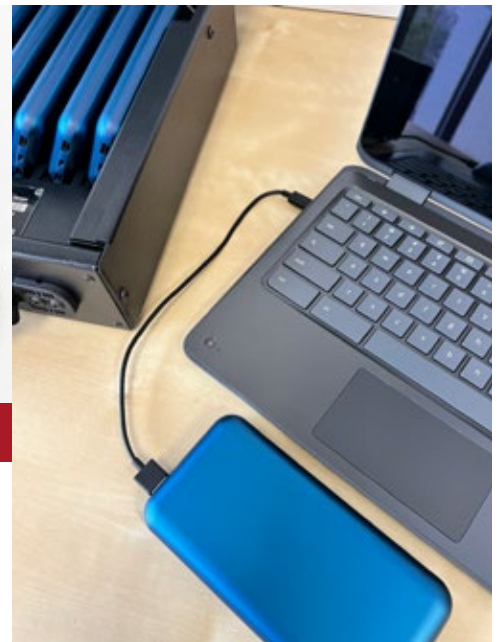

Powerful Sidekick powerpacks quickly & efficiently charge devices—even laptops and Chromebooks

The system includes secure eCharger box, 6-port / 240 watt USBC-PD charging system, 6 USBC-PD Sidekick powerpacks and 6 USB to USB 3.1 cables.

- Small enough to place on a cart or counter while charging 6 USBC-PD Sidekick powerpacks*
- 20 awg solid steel construction with CAM lock on top lid
- Safer and more energy efficient than having multiple AC adapters, power strips and extension cords throughout the classroom

**Sidekick powerpacks can charge Chromebooks, tablets and laptops*

eCHARGER SYSTEM

Model# USBC-SK/ECHG-6PACK.1

- INCLUDES:**
 (1) USBC eCharger case

 (6) USBC 20" charging cables

Individual USBC eCharger & Sidekick Components

USBC eCHARGER CASE

Model# USBC-ECHG-6.1

Portable USBC PowerPack charging case. Secures, powers, and deploys up to six USBC-PD power packs. Integrated charging system eliminates the need for AC adapters and power strips. Easy to deploy—provides supplemental USBC power where it's needed.

Specifications:

- Capacity: Six (6) USBC charged powerpacks and charging cables
- Construction: 20 awg solid steel, top-accessed CAM lock, ergonomic carry handle
- Charging System: Integrated 240W USBC with 6 USBC-PD ports
- Case Dimensions: 11" x 11" x 3.6"
- Device Storage Slots Dimension: 6.6" x 3.4" x 1"
- Input power: 110V-220V AC 50/60hz U.S. power cord included

Features:

- Made in the USA with solid steel construction
- Universal, works with most USBC charged devices
- Integrated, high efficiency charging system
- CAM latch with key lock on the top lid
- Six power pack storage slots
- Charging cable and accessory storage area
- Ergonomic carry handle
- Detachable AC power cord

USBC SIDEKICK (BATTERY)

Model# USBC-SK20K.1

Specifications:

- Capacity (mAh): 20000mAh / 3.6V (72Wh)
- Connection Types: 2 USB Ports + 1 USB Type-C Port
- Battery Type: Lithium-Polymer (Li-Po)

Dimensions: 6.31" x 3.22" x 0.83"

Weight: 15.52 oz (440 g)

Input/Output Ports (used to charge your devices from this power bank):

- USB TYPE-C Input/Output (Supports USB PD 3.0): 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A (Max USB-C Output is 65W)
- USB Type A (Supports Charging protocols: Apple 2.4A, QC 2.0/3.0, FCP, AFC): 5V/2.4A, 9V/2A, 12V/1.5A (Max USB Output is 18W)
- USB Type A (Supports Charging protocols: Apple 2.4A, QC 2.0/3.0, FCP, AFC): 5V/2.4A, 9V/2A, 12V/1.5A (Max USB Output is 18W)

Features:

- Made with high-density LG lithium polymer batteries—safe and reliable.
- Anodized, metal shell with matte texture finish
- LED indicator lights—showing you the power status
- Round edge design—comfortable to carry and hold
- Can charge up to three devices simultaneously
- USBC Hub mode function, 3-port (A,A,C)
- Safe to use—equipped with built-in multiple electrical protections
- Bi-directional quick charge 3.0
- SideKick can also be rapidly recharged by connecting it to a 45W-65W USBC-PD charger
- **POWERFUL** enough to charge laptops, Chromebooks and tablets

USBC CHARGING CABLES

USBC to C 0.5M

Specifications:

- 20-inch USB-C to USB-C cable with E-Mark (rated for max 100W/5)*
- Certified USB PD 3.0 protocol

* USBC to Lightning cables available; speak with a sales rep for more details

Space-saving design fits neatly into desks, cabinets or lockers for secure storage and deployment.

Warranty

- eCharger case—1 year parts & labor
- SideKick powerpack—90 days

Note: Batteries are considered consumable products. Lithium-ion battery packs normally provide up to 75% original power capacity for up to 700+ charging cycles.
