

Find your perfect pre-wired charging solution.

Choosing the right pre-wired charging solution is simple when you consider these key parameters: how many devices you need to store, the types of devices you're charging, and how you want them charged. To make your decision easier, review the comparison chart below to select the best solution for your needs. All four charging options are available for all our carts.

	AC-SMART	iCHARGE	HE-PD	HE-PD65
Supports: iPad & Tablets	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Supports: CHROMEBOOK	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Supports: LAPTOP & All USBC devices / 65 watts	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>
Supports: "Quick-Charge" (QI)	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>
Plug-n-play: No set up required	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Includes USBC or iPad Lightning cables	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
AC Adapter Free charging		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Requires NO electrical switches		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Integrated power & distribution system		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Intelli-charge system*			<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Prevents electrical circuit overload	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Simultaneously charges all devices		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Auto-sense output—5v 9v 12v 15v 20v	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Cable/Port numbering (Rear of Cart)				<input checked="" type="checkbox"/>
"Quick-swap" cable management				<input checked="" type="checkbox"/>
Power Hubs / Full Metal Construction				<input checked="" type="checkbox"/>
FCC/CE/UL rated electrical components	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

* HEPD Intelli-charge system reduces heat during charging and increases lifespan of batteries
